## TO WHOM IT MAY CONCERN

This letter serves to confirm that Prof Laurindo de Salles Leal Filho was appointed to be the Co-Supervisor for Mr. M Tshazi, a student who is currently completing his MEng studies at the University of Pretoria. The topic for his research project is: “Critical evaluation of laboratory batch flotation tests”.

Prof Natasia Naudé (main supervisor) appointed Prof Laurindo de Salles Leal Filho due to his extensive knowledge on this topic and also to establish collaboration between the University of Sao Paulo and the University of Pretoria.

Kind regards
